This workshop is being offered in 3 convenient locations across the country.

This 3-day workshop offers comprehensive SNF Advanced Billing training that will help you successfully submit and receive payment for atypical claims such as, Medicare Secondary Payer, Medicare Advantage, HMO, ACO, Bundled Payment and Insurance.

Polaris Group, with over 28 years of hands-on experience, provides expert training and review of the atypical claims process. Polaris Group’s LTC Training Institute – Advanced Billing for SNFs workshop will cover numerous topics including creation of compliant claims for complex billing situations, problem solving for atypical claims, ICD-10-CM and claim, and QA oversight of your Business Office. Sessions include an overview of current MAC claim issues, and a look at the various government audit agencies and how to reduce your risk for audit and denials. 15 CECs provided.

Go to www.polaris-group.com for full agenda and to register online.

This Training is one of the BEST Investments You Can Make This Year!

- **Practical Experience** – Attendees leave with a comprehensive understanding and working knowledge of Medicare billing.
- **Intensive Learning Format** – After reviewing the regulations, we then provide interpretation of those rules and provide detailed, step-by-step methods for implementation including needed procedures/forms that ensure compliance or optimal revenue.
- **Small Class Size** – With a smaller group, more interactive activities are provided with all questions answered to ensure an optimal learning experience.
- **Program Manual and CD** – Each attendee receives a program training manual which includes all training materials, small group activities, and sample procedures and forms. In addition, various forms and procedures will also be provided on CD to implement back at your SNF.
- **Create your own personal “to do” list** – For each covered area, we will work together to identify areas for improvement needed in your SNF. You can then create a priority “to do” list to take back to your facility to implement.
- **Expert assistance with resolving “real” claim issues** – Hands-on assistance from one of our Medicare Billing Professionals with processing your “problem” claims. We will utilize our secure software to access FISS to help you solve up to 3 issues, or review 3 UB-04s that you are having difficulty getting resolved. We can help you get paid!
- **Polaris Group Experience** – Polaris Group has been an established expert in Medicare compliance and best practices for over 28 years.
Advanced Billing for SNFs
