

**Resident Assessment Instrument (RAI) Train-the-Trainer Conference** - March 15-19 at the Baltimore Hyatt Regency Hotel

**Please Note:** The March conference is exclusively set up as training for RAI Coordinators, long-term care (LTC) Surveyor preceptor/trainer representatives, and optional attendance by State Medicaid Agency (Case Mix) representatives.

- Required Attendance: One state RAI Coordinator and one state long term care (LTC) Surveyor preceptor/trainer representative per state; and
- Optional Attendance: One State Medicaid Agency (Case Mix) representative per state.

**MDS 3.0 National Train-the-Trainer Conference** - April 13-15 at the Radisson Plaza Lord Baltimore Hotel

**Please Note:** This conference is open to the public and is specifically for individuals who will be responsible for providing MDS coding training to others.

There is a multi-tiered **registration** process with open registration beginning **February 22, 2010**.

As you or your agency/organization prepares to identify who will be attending it is imperative that the selected individual(s) will be responsible for conveying the information to others for the successful implementation of MDS 3.0.

Due to limited available space, individuals that attend the March conference should not register for the April conference.

Organizations and individuals that are eligible for pre-registration will be notified via email with details for early registration. **Pre-Registration for this conference is limited to long-term care provider associations and organizations that support quality care in the Nation's nursing home facilities.**

**Open Registration** begins February 22, 2010 for any open seats for this conference. Open registration information will be posted on this website at that time. Register at: [www.cms.hhs.gov](http://www.cms.hhs.gov)

**Additional Training Opportunities:**

Video and print files of the conference presentations will be available following the April conference. The information will be posted on [www.cms.hhs.gov](http://www.cms.hhs.gov) after the April conference
